UCSF Newsbreak

NIH Funds Major Effort at UCSF to Design New Drugs to Fight AIDS

In what may be the first concerted effort to apply new techniques of drug design in the attack against a major disease, the National Institutes of Health has awarded UCSF more than $4.5 million over five years to develop drugs to fight AIDS.

A UCSF team, composed of six researchers in the School of Pharmacy and two in the School of Medicine, will apply its expertise in computer-assisted drug design and the determination of protein structure to finding drugs that will knock out one or more of the enzymes the AIDS virus makes, and which are crucial to its life cycle.

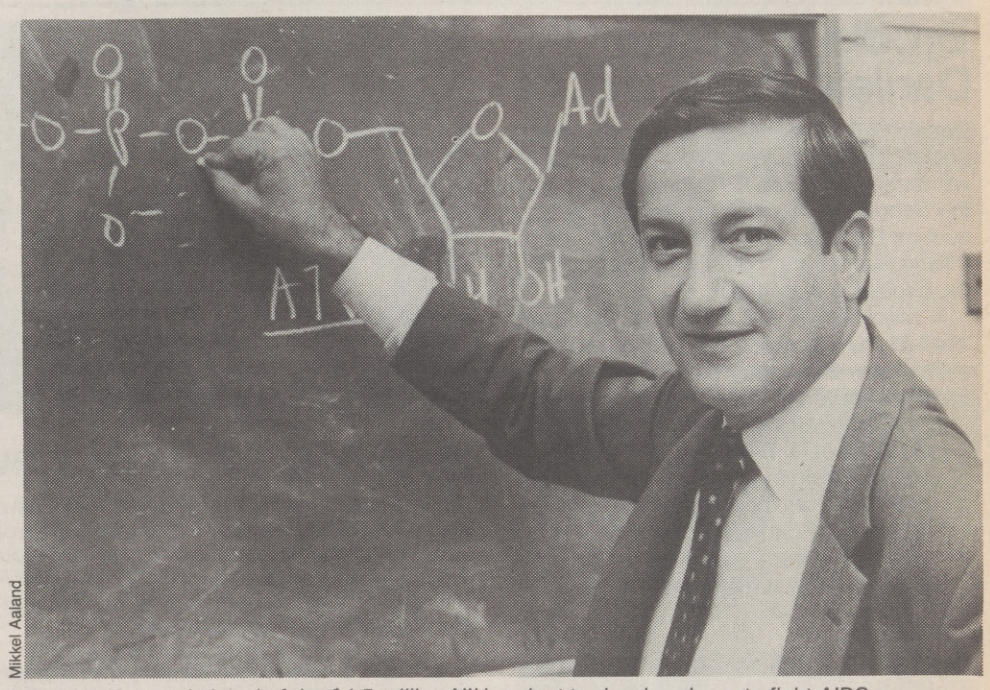
Such drugs, if specific enough to kill the virus but not cause serious side-effects in humans, would be candidates for human trials.

"Over the long run, looking for anti-viral drugs could be more promising than the search for a vaccine," said principal investigator George L. Kenyon, PhD, professor and chair of pharmaceutical chemistry.

"The enzymes are likely to be the same from one form of the virus to another, whereas the coat proteins of the AIDS virus—which are the prime candidates for a vaccine—can vary a lot, and can even change once the virus has infected someone," he said. "This means a vaccine will be hard to create, because it has to be effective against all variants of the virus."

Kenyon has assembled a group of some of the country's most prominent scientists in fields ranging from structural biology and computer modeling to viruses and chemical synthesis to help design anti-viral AIDS drugs. They are virologist Harold Varmus, molecular biologist Charles Craik, structural biologist Robert Stroud, and pharmaceutical chemists Robert Langridge, Irwin Kuntz, Jr., Peter Kollman, and Paul R. Ortiz de Montellano.

Five other institutions also received five-year grants from the NIH to develop drugs to stop the AIDS virus: Yale, Harvard, UCLA, and two pharmaceutical companies—SmithKline & French Laboratories Inc. and Agouron Pharmaceuticals Inc. In the first year alone the six institutions will share $5.1 million, of which UCSF will receive $1 million.



Mikkel Aaland

George Kenyon is head of the $4.5 million NIH project to develop drugs to fight AIDS.

Campus Co-hosts NIH Centennial Celebration with Stanford, UCB

UCSF, UC-Berkeley and Stanford will host the Bay Area celebration of the National Institutes of Health's 100th anniversary on Friday, October 9, as part of a year-long national observance marking the extraordinary contributions of NIH to the health of the nation.

The advances in medical research and patient care made by these three local universities are due in large part to the support they receive from NIH, making the Bay Area one of the world's great biomedical scientific centers. The three campuses combined receive more than $200 million annually from NIH.

Leading off the celebration will be James Wyngaarden, MD, director of NIH, with a talk before the Commonwealth Club at the Sheraton Palace Hotel.

A scientific symposium will follow that afternoon at the St. Francis Hotel featuring J. Michael Bishop, MD, director of the UCSF Hooper Foundation; Hugh McDevitt, MD, professor and chair, medical microbiology, Stanford; Gunther Stent, PhD, professor, molecular biology, UC-Berkeley; and David Martin, MD, vice president for research, Genentech. UCSF Chancellor Krevans will moderate the panel discussion concluding the session. All UCSF faculty are invited to attend the symposium. Call Dianne Leiker, x68593.

Nobel laureates, political, business and community leaders and scientists from the three campuses will be guests at an evening banquet where President Donald Kennedy of Stanford will speak. Chancellor Ira Michael Heyman of UC-Berkeley will serve as master of ceremonies. At the event, a special award will be presented to James Shannon, MD, the "father" of NIH during its period of greatest expansion, 1955-68.

In conjuction with the NIH centennial celebration, PBS is broadcasting a new four-part TV series entitled "The Health Century." Locally, the program will be aired on KQED-TV, Channel 9 in San Francisco; KTEH-TV, Channel 54 in San Jose; and KCSM-TV, Channel 60 in San Mateo. See page 5, "UCSF on TV," for dates.

Five UCSF faculty will be featured in three of the four segments. The first segment, which deals with the triumphs and tragedies in the fight against infectious diseases, including AIDS, will feature Jay A. Levy, MD, professor, medicine and research associate, Cancer Research Institute; and clinical instructor Michael J. Clement.

Segment three, which focuses on those advances in science which will have the greatest impact on the health of the aging, will feature J. Michael Bishop, MD, director, Hooper Foundation; and microbiologist Harold Varmus, MD. The concluding segment, on significant developments in molecular biology and genetics, will feature biochemist Herbert Boyer, PhD.

Chancellor Appoints Staff Advisory Group

Chancellor Krevans has appointed a staff advisory committee out of the many staff employees who wanted to get involved in the Laurel Heights crisis and other issues of importance to the campus. Representing virtually all aspects of the campus, the group consists of:

Kathy Bailey, LPPI; Kathy Balestreri, Medical Center Administration; Joy Becker, Animal Care Facility; Rachel Bernstein, Affirmative Action Office; David Bracker, Office of Public Service Programs; James C. Callaway, School of Pharmacy; Bart Cohen, Chemical Storehouse; Karen Eldred, News & Public Information Services; Tom Fleming, Materiel Management; Barbara Flynn, Academic Affairs; Caitlin Gerhardt, School of Medicine Dean's Office; Michele Graf, Labor Relations; Susan Heath, Clinical Pharmacy/Drug Information Service; Eric Herfindal, Clinical Pharmacy; Helga Justman, School of Medicine Alumni/Faculty Association; Robin Keating, Development Office; Loretta Maddux, Materiel Management; Mary McAllister, Restorative Dentistry; Valli McDougle, School of Medicine Dean's Office; Sandra Norberg, Benefits/Personnel; Trinity Ordona, School of Pharmacy; Deborah Pauley, Materiel Management; Dorothy Price, Nuclear Medicine; Steve Reynolds, News & Public Information Services; Victor Ricciuti, Institute for Health & Aging; Byron Sigal, Child Care Study Center; Susan Stevens, Anatomy; Margaret Warren, Animal Care Facility. Paula Schultz of the office of the Vice Chancellor/Personnel and Student Services and Janet Norton, Institutional Relations, are assisting the committee.

Anxious and eager to do whatever they possibly can, these employees met as an appointed group for the first time on September 25.

Filling them in on some much appreciated information was our School of Pharmacy Dean, Jere Goyan, who covered the kinds of research we now have at Laurel Heights, and hope to have there in the future.

Our new Assistant Vice Chancellor for Environmental Health & Safety LeRoy Balzer gave the lowdown on safety, not only at Laurel Heights, but on the Parnassus campus; while Assistant Chancellor Tom Gwyn addressed exactly what the neighborhood concerns are. Chairing the meeting was Vice Chancellor Thena Trygstad.

The group now plans to break into subcommittees to further address how to best educate campus employees on Laurel Heights and how to help in our community outreach efforts.

If you would like to be a member of one of the subcommittees, you can write Vice Chancellor Trygstad at Box 0402 or call x62401.

Musical Panoramas Begin Second Season at UCSF-Laurel Heights

You're not going to believe the great talent UCSF's Arts and Lectures has put together for Musical Panoramas' second season at UCSF-Laurel Heights: From the blues of Weslia Whitfield to the mandolin mastery of Emanuil Sheynkman, here's the line-up:

- Thurs. & Fri., Oct. 1 & 2: Chanticleer. Well, what can we say about this internationally acclaimed male vocal group? According to the *San Francisco Chronicle*, "They are, to put it directly, one of the world's best." Be prepared for lush harmonies, remarkable vocal precision and innovative arrangements.
- Sun., Nov. 8: Emanuil Sheynkman. This Carnegie Hall "alumnus" is a master of classical balalaika and mandolin, with a great voice to match! He will perform Russian folk music, Beethoven sonatas and Scott Joplin rags.
- Fri., Feb. 5: Denny Zeitlin. This exciting jazz pianist *really* delivers an explosive program. He will be featured with Peter Donald on drums and Joel Di Bartolo on bass.
- Sun., Feb. 28: Vienna Chamber Trio. Two Americans and an Austrian have come together to form one of Europe's most vibrant and impressive ensembles. This will be part of their first American tour.

(continued on page 2)

They're Here, and 700 Strong

The feeling of our campus changed a bit last week when some 700 new students descended en masse on Parnassus. This is part of the scene last Thursday at the Chancellor's Reception for our new scholars.

Zippin and Lum—Off to India Again

Mikkel Aaland

Calvin Zippin and Diana Lum in some of their Indian finery

Ever heard of a place called Trivandrum? It's a city of about 500,000, located 65 miles from the southernmost tip of India. There's a regional cancer center located there. And it's where UCSF epidemiologist Calvin Zippin and Diana Lum recently spent two weeks, representing our Cancer Research Institute.

As the respective director and associate director of the CRI's Tumor Registry, Zippin and Lum were conducting a two-week training program for cancer registrars. Trainees came from throughout India to attend the program—including Bhopal, where a cancer registry has been established to monitor the possible consequences of the 1984 gas leak at the Union Carbide plant.

This actually was the third time the two have traveled to India to provide the training program. "They contacted us out of the blue about four years ago," says Zippin. "Through the World Health Organization, they had heard about our training program we conduct here at UCSF. They said they intended to become a cancer research center for that part of the world, and they wanted to provide a training program in tumor registry."

Zippin and Lum conducted the program for the first time in Trivandrum in 1984, for 18 people. The next year they went to Bombay, where they had 17 participants. This year they were back in Trivandrum again, conducting the program for 24 participants.

"I think their efforts in this area show a good deal of foresight," says Zippin. "India has a population of about 800 million, and they're diagnosing about 600,000 cases of cancer a year. That's compared to a population of 240 million in the U.S., where close to a million cases a year are diagnosed.

"But the life expectancy in India is increasing, and they realize cancer statistics will increase accordingly. They're preparing themselves."

UCSF's Tumor Registry Training Program has been in existence for 26 years, says Zippin. In fact, it was the first program of its kind in the U.S. Three or four times a year the program is offered on campus, and Zippin says they have trained registrars from 45 different states and 20 foreign countries. Occasionally they take the program on the road. They've conducted workshops in 17 states—and of course, in Bombay and Trivandrum.

Calling All Runners!

This is the running event of the season! "Run for Health" is the former Chancellor's Cup Run and the Nurses Run, all wrapped up into one. The time and place is Saturday, October 17 at 9 a.m. at Speedway Meadows in Golden Gate Park.

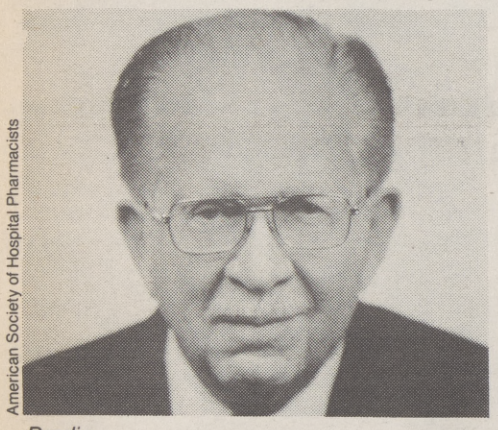
The 5K and 10K run is being sponsored by the Department of Nursing and PRO Recreation, with lots of financial support coming from the Chancellor's Office. It features free T-Shirts if you pre-register, refreshments, a total of $1500 in prizes for categorical winners and another $400 in raffle prizes. All Bay Area runners are welcome to participate; it costs $10 if you pre-register; $12 if you sign up at door from 7:30-8:30 a.m. on the morning of the race. Pick up your registration forms at the MU Athletic Desk or in Nursing Administration, L 171. And if you want more information, call x61848.

Brodie to Get Daniels Medal Oct. 10

Donald C. Brodie, PhD, professor emeritus of pharmaceutical chemistry and pharmacy, will receive the Troy C. Daniels Medal from the School of Pharmacy at an awards banquet on Saturday, October 10, at the Harbor Village Restaurant, Four Embarcadero Center, beginning at 6:30 p.m.

A member of the UCSF faculty from 1947-73, he was a professor at the University of Southern California from 1974 until his retirement last year. Widely recognized as one of the nation's most distinguished pharmacy scholars, Brodie has received numerous awards, including the 1986 Distinguished Educator Award from the American Association of Colleges of Pharmacy for his 40 years of service to pharmacy education.

Tickets at $45 each are available by calling x62276.



American Society of Hospital Pharmacists

Showing Off Their New Headquarters

This is a scene from the open house of the new headquarters of Facilities Management Services at 3130 20th Street—but what are Physical Plant director Bob Hascall and staff members Bob Pizzi and Carl Collins trying to tell us about the picture on the wall? It's a photo of Carl, one of a collection of 27 photos taken by Bob Pizzi, all of Physical Plant staff members at work. The collection has become part of the decor at the new site, which houses both Physical Plant and Capital Project Management.

EMPACT Adventure: Monterey Bay Aquarium

For just $28, you get your ticket, your transportation and the chance to visit this wonderful museum of marine life, plus plenty of time to explore the wharf and waterfront. The trip is planned for Saturday, October 31. Register by Friday, October 23, by calling x61469.

More EMPACT! activities coming up:

- "Lighten Up" weight management program—free introductory session Wednesday, September 30, at 5:30 p.m. or Thursday, October 1, at noon, both in MU East Lounge. Call P.R.O. Recreation, x61800, for more information.
- Healthy Neck and Back classes, beginning Wednesday, October 7. Call x61800.
- A "One Day Dash" Reno gamblers bus ride on Saturday, November 7; register by Friday, October 30. Call 781-8863.
- Discount tickets: UA and AMC movie theater tickets; November 14 UC Bears vs. Arizona State. On sale at MU Central Desk.

These activities and discounts are among many, many more—including ocean cruises and Hawaii trips—listed in EMPACTS' "Action Line" newsletter. If you didn't receive a copy in the mail, call x66932.

Panoramas *(continued)*

- Thurs., March 10: Weslia Whitfield. This four-time winner of the SF Cabaret Gold Award for Outstanding Female Vocalist will belt out some blues with a background of piano, sax, trumpet, bass and drums.
- Thurs., March 31: Robert Taub. The featured piano soloist at the Midsummer Mozart Festival in Stern Grove last summer, he is the winner of the prestigious Peabody-Mason Award of Boston. Taub will play works by Beethoven, Scriabin and Liszt.
- Fri., Apr. 8: Keith Terry. You just won't believe how this man uses windup toys, electric fans, plastic bubble wrap and his own slapping hands to create his own musical instruments.
- Fri. Apr. 29: Joe Henderson. Known in the music world as one of the masters of tenor saxophone, his tunes are fresh and creative.

Now, what is the price for all of the great entertainment above? For a full series—that's eight performances—the cost is $60. Or, you can choose any four for $30. Or, buy individual tickets at $9 general; $8 UCSF faculty, staff; $7 seniors, non-UCSF students; $6 UCSF students and Millberry members. And, if you like, you can charge by phone, by calling x62035 ($1 service charge on each phone order).

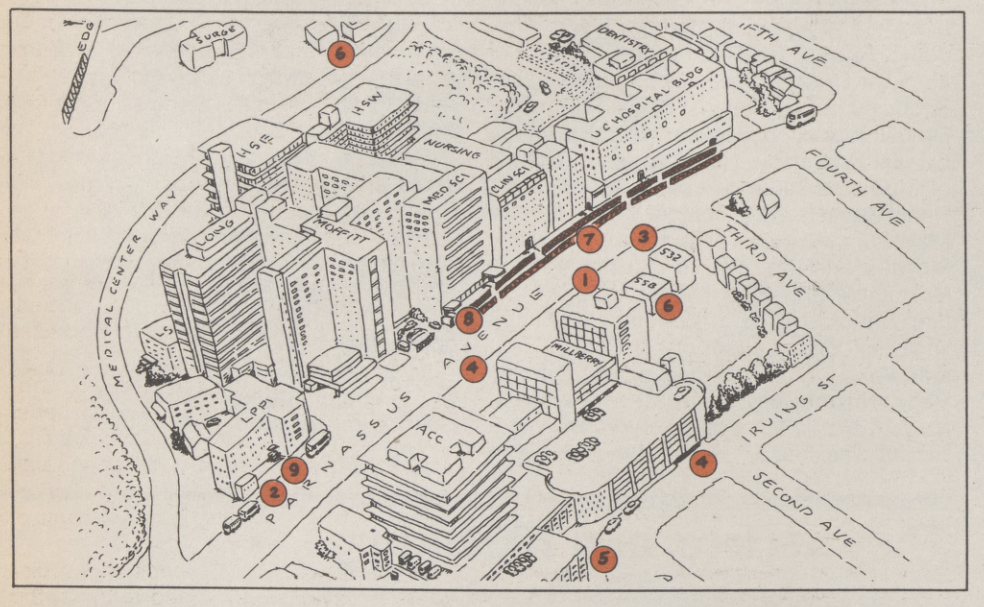
Each program will be held at 8 p.m. in the UCSF-Laurel Heights auditorium, 3333 California St. For concert information call x62542.

Your PC for "LIBMAIL"

If you have a personal computer at home or in your campus office, you now can request photocopies of journal articles and book chapters from our library through the new LIBMAIL service. You just have to dial-up the UCSF(VAX) computer. You can choose to have copies mailed to you or pick them up at the library circulation desk.

You do not need a UCSF Computer Center account, and you can even make interlibrary loan requests if our library doesn't have what you need. For detailed instructions, pick up a handout sheet at the information rack located near the library circulation desk or call x68383.

Shuttle Stop, Student Services Building to Move



1) Student Services offices relocated from SSB to 2nd floor, west wing Millberry Union on Sat/Sun, Oct. 17/18.
2) Aldea, CED/SFGH and Laurel Heights shuttle stop to move from 532 Parnassus (at Third) to in front of LPPI by end of Oct.
3) Motorcycle parking lot to be eliminated sometime in Oct.
4) Parking changes: Within next two months, patients to enter Millberry garage from Parnassus and Irving. Exit only on Irving.
5) Parking changes: Within next two months, permit holders to use ACC garage. Enter and exit on Arguello and Irving.
6) Student Services building to be relocated from 520 Parnassus to Med Center Way, Sun., Nov. 1.
7) Repair of our deteriorated steamline is to be completed Dec. 1. No parking, stopping, drop off.
8) Med Sci MUNI bus stop eliminated until Dec. 1.
9) Marin buses continue to unload passengers in front of LPPI instead of Med Sci. Evening loading remains in front of Millberry Union until later this fall.

In preparation for our new library, there will be lots of changes occuring over the next few months.

Let's start with October: The Student Services building offices will be relocated from 520 Parnassus to the second floor, west wing of Millberry Union, on Saturday and Sunday, October 17 and 18.

Sometime in late October (we're not quite sure of the exact date yet) the shuttle stop at the corner of Third and Parnassus will be moved to in front of Langley Porter. Those shuttles are Aldea Housing, CED/SFGH and Laurel Heights.

Also sometime in late October, we will be saying goodbye to the motorcycle parking lot on the corner of Third and Parnassus. Replacement parking for our bikers will be in the ACC garage, levels E, F and G.

Now for our parking garages: Within the next two months the entire Millberry garage will be converted to patient and visitor parking. Patients will be able to enter the garage from both Parnassus and from Irving. The only exit, however, will be on Irving. The exit on Third Avenue will be closed permanently.

The Ambulatory Care Center garage will be reserved for permit holders who will use the entrance and exit on Arguello. We no longer will use the cardtrol system, and valet parking will be provided on all garage levels.

And now for some *real* excitement: What do you do with a building that is perfectly fine, but in the wrong location? You move it, of course. On Sunday, November 1, the Student Services building will be moved from 520 Parnassus up to Med Center Way and relocated on the hairpin turn to become part of the our new Environmental Health & Safety consolidation. That means Parnassus will be closed for most of that day. More details to follow.

And when will the fences come down on the south side of Parnassus to mark the completion of our new steamline? We're still aiming for December 1. Until that time, please try to avoid that side of the street.

In the October 24 issue of *Newsbreak* we will be running a two-page poster of a map detailing major campus construction and the groundbreaking of our new library on Wednesday, November 4.

Women's Faculty Fall Reception Oct. 14

Pediatrician Diane Wara, chair of the Chancellor's Advisory Committee on the Status of Women, is the featured speaker at the annual fall reception of the Women's Faculty Association of the School of Medicine on Wednesday, October 14, from 4 to 6 p.m. in the Faculty/Alumni House. All women faculty are invited to attend.

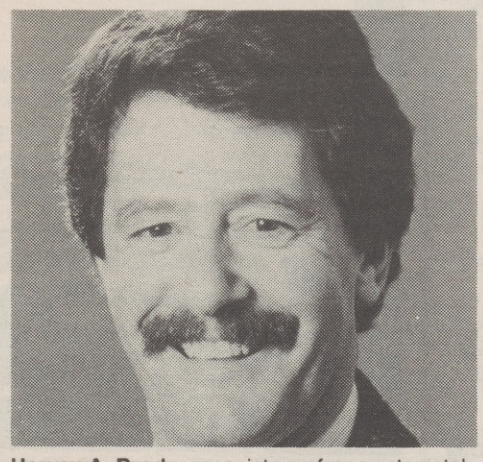
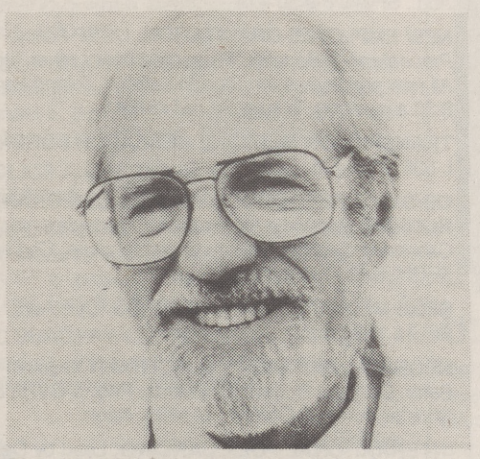
Honors & Awards

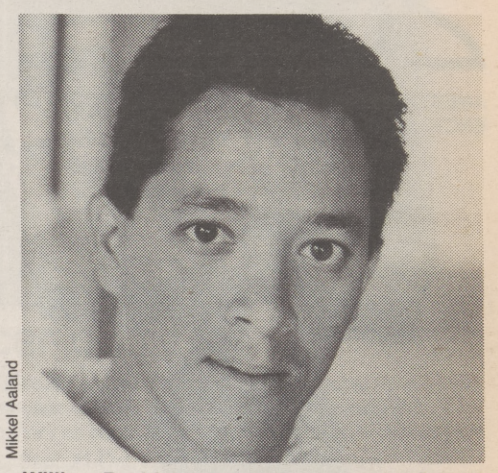


Harvey A. Brody, associate professor, stomatology: Installed as president, American Association of Hospital Dentists.

Marjorie Fiske, professor emerita, psychiatry: Presented the Distinguished Service Award by the American Psychological Association, Adult Development & Aging Division.



Floyd C. Rector, professor, medicine & physiology; senior scientist, CVRI: Awarded the Distinguished Alumni Award by Texas Tech University.



Mikkel Aaland

William Bachicha, second-year student, School of Dentistry: Awarded a $2,000 Minority Dental Student Scholarship by the American Fund for Dental Health.

Promotions

Promotions are made available to this publication after they are processed by the Personnel Department.

Gaston Baril, purchasing assistant II, anatomy.
Raymonde Beauregard-Sund, administrative analyst, anesthesia.
Lisa Bluhm, administrative nurse I, radiation/oncology.
Nathaniel Bowens, laundry machine operator/truck driver, laundry linen services.
Ronald Coyne, principal clerk, accounts receivable.
Helen Crouch, data processing assistant II, S/N dean's office.
Susan Eckmann, billing assistant II/registered dental assistant, growth & development.
Beverly Emerson, administrative assistant II, microbiology & immunology.
Laura Fish, administrative assistant I, obstetrics/gynecology.
Kathy Harrison-Rockey, physical therapist III, physical therapy.
Yvette Jackson, senior radiologic technologist, radiology.
Salvatore Larosa, administrative assistant III, medicine/SFGH.
Cary Littell, staff research associate I, general medicine/SFGH.
Susan Miller, administrative assistant II, metabolic research unit.
Bruce Niles, principal radiologic technologist-supervisor, radiology.
Charlotte Pinsky, administrative assistant II, radiology.
Jessica Ramet, registered dental assistant, oral & maxillofacial surgery.
David Rea, administrative nurse III, LPPI.
Amelia Rosales, laboratory assistant III, anatomy.
Michael Rosenthal, editorial assistant II, orthopaedic surgery.
Amy Ross, clinical nurse III, neurosurgery.
Neysa Rummler, purchasing assistant I, materiel management.
Maureen Russo, administrative assistant II, obstetrics/gynecology.
Mark Sargent, senior typist clerk, medicine/cardiology, SFGH.
Lane Schicker, administrative assistant III, hospital accounting-administration.
Margaret Sharp, staff research associate III, laboratory medicine.
Adrian Sooy, administrative assistant II, senior vice chancellor-administration.
York Stevens, principal typist clerk, stomatology/oral biology.
Robert Taylor, hospital dietitian assistant II, nutrition & dietetics.
David Thomas, mail processor, Mailing Division.
Teyun Tsao, staff research associate I, pharmacy.
Patricia Vanleeuwaarde, student affairs assistant II, School of Pharmacy.
Margaret Warren, management services officer III, animal care facility.
Teresa Wheeler, hospital patient service assistant I/hospital aid, patient escort services.
Gail Wiley, project assistant II, family & community medicine.
Gordon Wilson, program assistant I, personnel/development & training.
Wayna Woodard, administrative assistant III, medicine.

In Memoriam

Janet Fleishhacker Bates, a founding member of the UCSF Board of Overseers. A native of San Francisco, she was a prominent civic leader who won high honors from four nations. She was president of numerous organizations, including the national Camp Fire Inc. (Camp Fire Girls), and served as chair of the board of trustees of the University of San Francisco.

Edward B. Shaw, emeritus professor, pediatrics. He was an active member of the UCSF campus for some 60 years and served as chair of the Department of Pediatrics from 1958 until his retirement in 1965. In the mid-1960s he was acclaimed as one of the nation's outstanding leaders in infectious childhood diseases and one of the city's medical giants. He was recognized as a world authority on poliomyelitis and credited with virtually eliminating the disease from Northern California. An exhibit on his life and works is on display in the UCSF library, S 257.

Publications

Anselm L. Strauss, professor, social & behaviorial science, School of Nursing: Co-author, *Social Psychology* 6th ed. (Prentice Hall, Englewood Cliffs, NJ 1988.)

Gordon

Harkness Fellows at UCSF

Suzanne Crowe from Melbourne and Caroline Gordon from London are now conducting research at UCSF under the Harkness Fellowship program.

Crowe is working on the role of microphages in the pathogenesis of AIDS under John Mills in the Division of Infectious Diseases at SFGH. She studied at Monash University in Victoria, Australia and was most recently a fellow in infectious diseases at Fairfield Hospital in Melbourne.

Gordon is working on autoimmune diseases in David Wofsy's laboratory at the VAMC. She is helping develop a mouse model of systemic lupus erythematosus. Gordon studied at King's College, Cambridge and was most recently Medical Registrar at Frenchay Hospital in Bristol.

Harkness Fellowships are awarded by the Commonwealth Fund to graduates in any field of study from Great Britain, Australia and New Zealand to do advanced work in the United States.

Contracts & Grants Awarded

Claude D. Arnaud, medicine - VAMC, S/M, $477,808, NIH National Institute of Diabetes, Digestive & Kidney Diseases, *Osteoporosis: Prevention & Treatment.*

Charles E. Becker, medicine - SFGH, S/M, $26,482, Department of Health Services, *Study of Casmalia Resources Hazardous Waste Facility.*

James E. Cone, medicine - SFGH, S/M, $3,486, CAL Department of Health Services, *Evaluation of the Sense of Taste & Smell in Painters.*

John E. Conte, Jr., medicine, S/M, $83,325, UC Systemwide Administration, AIDS Task Force, *Reduced Dose or Aerosolized Pentamidine Therapy for PCP.*

Morton J. Cowan, pediatrics, S/M, $60,000, American Foundation for AIDS Research, *HIV Culture to Determine the Mode of Perinatal Infection.*

Christopher Dowd, radiology, S/M, $2,012, Veterans Administration, *IPA Agreement with San Francisco Veterans Administration Hospital.*

Lois B. Epstein, CRI, S/M, $196,499, NIH National Cancer Institute, *Comparitive Biology of Human TNF & IL-1.*

Stephen B. Kahl, pharmaceutical chemistry, S/P, $45,000, Sandia National Laboratories, *Synthesis & Investigation of Catalysts.*

Peter Walter, biochemistry, S/M, $39,432, Juvenile Diabetes Foundation, *Translational Control by Signal Recognition Particle.*

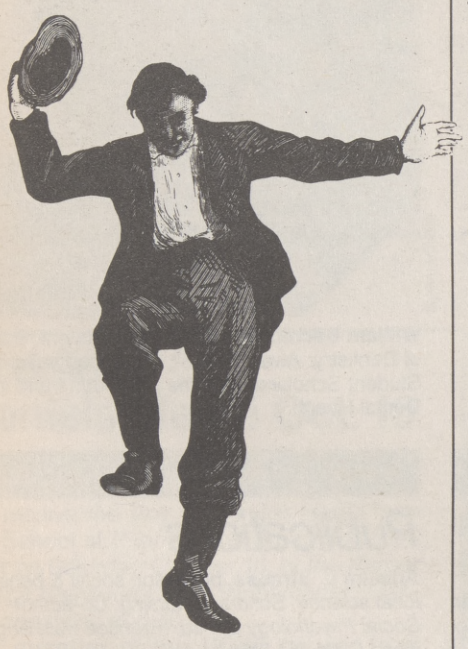
Malcolm S. M. Watts, AHEC, S/M, $68,637, PHS Health Resources & Services Admin., *California AHEC System - UC Davis Special Initiative.*

Christopher L. Wolfe, CVRI, S/M, $19,916, American Heart Association - CA Affiliate, *Assessment of Cardiac Metabolism in LV Hypertrophy by NMR.*

Today/Tomorrow

26 Saturday

ANESTHESIA MORBIDITY/MORTALITY CONFERENCE. HSW 301. 8-10 a.m.



WILDERBURBANITE BOOGIE

Outdoors Unlimited's annual benefit dance featuring *Johnny Nitro & The Doorslammers.* $4 students, $7 everyone else. MU Gym. 8 p.m.*

28 Monday

MOBILE MAMMOGRAPHY SCREENING SCHEDULE

Women can have low-cost mammograms—x-rays to screen for breast cancer—from a mobile van that travels to convenient shopping or downtown locations in San Francisco and remains for a week at a time.

Women need the approval of their physicians to have the mammogram. The procedure takes approximately 20 minutes and costs only $40. To make an appointment call 990-0459 or x62193 between 9 a.m. and 3:30 p.m.

The van will be at the following locations for the next two weeks:

Sept. 28-Oct. 2: Sunset District on Irving St. between 25th & 26th Aves.

Oct. 5-9: Richmond District on 7th Ave. between Geary & Clement.

OTOLARYNGOLOGY GRAND ROUNDS: *Surgical Hematology.* Alan Venook, CRI. *Occupational Otolaryngology.* David Schindler, Oto. S 214. 8-10 a.m.

DERMATOPHARMACY SEMINAR: *Structure-Activity in P.A.* Geoff Ridout, Pharm. S 940. Noon.

LABORATORY MEDICINE CORE CURRICULUM: *New Plasma Derived Products.* Richard Schwartz, Lab. Med. L 535. 2-3:30 p.m.

LABORATORY MEDICINE GRAND ROUNDS: *Sexually Transmitted Cancer: Studies of Human Papilloma Virus Gene Expression in the Uterine Cervix.* Joel Palefsky, Med. Microbio., Stanford. L 535. 4-5 p.m.

CVRI SEMINAR: *Post-Prandial Lipemia & the Regulation of Plasma Cholesterol Metabolism.* Christopher J. Fielding, Physio. S 1364. 4-5:30 p.m.

URORADIOLOGY CONFERENCE: Emil A. Tanagho & Hedvig Hricak, Uro. M 460. 4:30-6 p.m.

29 Tuesday

PRO RECREATION REGISTRATION SEPT 29-30

Registration for fall '87 recreation programs begins on the following dates:

Tues., Sept. 29: UCSF students and Millberry Union members.

Wed., Sept. 30: UCSF employees and general public.

Register at MU central desk 7 a.m.-7 p.m. Registration will continue after Sept. 30 at the athletic desk 8 a.m.-8 p.m. Call x61115 for availability of classes.

COMBINED MODALITY BREAST CANCER CONFERENCE. Surg. Clin. Conf. Rm., 6th Fl. A. 8 a.m.

ORAL & MAXILLOFACIAL SURGERY GRAND ROUNDS: Resident forum and M & M meeting. C 701. 8-10 a.m.

SFGH PEDIATRIC GRAND ROUNDS: *Options for Outpatient Management of Serious Bacterial Infections.* John Bradley, Ped. Infect. Dis., U Oregon. Carr Aud., SFGH. 8-9:30 a.m.

NEW EMPLOYEE ORIENTATION: *UCSF Policy, Procedures & Benefits.* Presented every other Tues. All new employees are urged to attend. Toland Hall. 8:30 a.m.-noon. To register call x61645.

TRANSFUSION MEDICINE RESEARCH FORUM. L 535. 8:30 a.m.

OB/GYN & REPRODUCTIVE SCIENCES GRAND ROUNDS: *Rationale for Antibiotic Prophylaxis in Caesarian Section.* William Crombleholme, Ob/Gyn, SFGH. S 1364. 9 a.m.

SFGH MEDICINE GRAND ROUNDS. Carr Aud., SFGH. 11:30 a.m.

NEONATAL MORBIDITY & MORTALITY: Julian T. Parer, Ob/Gyn; Roderic H. Phibbs, Ped. & CVRI; Sol Shnider, Anes. & Ob/Gyn. M 1486. Noon.

INTERNATIONAL FOLK DANCING: Lead by Dean Linscott. No partner needed, beginners welcome. MU Gym. 1:15-2:30 p.m. $2.*

BIOCHEMISTRY & BIOPHYSICS SEMINAR: *Mechanisms of Membrane Protein Assembly.* Bill Wickner, Biochem., UCLA. HSW 301. 4 p.m.

SFGH GI-MEDICINE/SURGERY/RADIOLOGY IMAGING CONFERENCE. Rm. 1X58, SFGH. 4-5 p.m.

MED STUDENT FORUM

Molecular Genetics: The Future of Psychiatry. Samuel H. Barondes, Psychr. Presentation & open discussion especially for medical students. Sponsored by Department of Psychiatry. LPPI Aud. 5:30-7 p.m.

30 Wednesday

SFGH ORTHOPEDIC SURGERY STAFF CONFERENCE. Rm. 5K8, SFGH. 7:30-9 a.m.

MULTIDISCIPLINARY TUMOR BOARD: M 1296. 7:30 a.m. Call Lourdes Sibayan, coordinator, x61662.

DERMATOLOGY CONFERENCE: *Treating Lupus Vasculitis.* Wallace Epstein, Med. HSW 301. 8 a.m.

PSYCHIATRY GRAND ROUNDS: *Trauma & Restitution: The Trauma of Nazi Victimization 40 Years Later.* Martin Wang, Psychr., Albert Einstein U. LPPI Aud. 8-9 a.m.

NUCLEAR MEDICINE SEMINAR. L 340. 8:15-9:15 a.m.

RECEPTORS IN ENDOCRINOLOGY SYMPOSIUM: *Structure & Function of G-Protein-Coupled Receptors.* Robert A. Nissenson, Med. & Physio. M 1486. 8:30 a.m.

WOMEN & SPIRITUALITY MEETING: Landberg Center, 1378-3rd Ave. Noon-1 p.m. Call 564-3515 for further info.*

WOMEN'S RESOURCE CENTER LECTURE: *Spirituality & Channeling in Health Care.* Ellen Meredith. Introductory lecture for a six-session workshop beginning Oct. 14. S 1364. Noon.*

AIKIDO DEMO

Aikido demonstration featuring Masatoshi Morita, 5th dan instructor. Sponsored by UCSF Aikido Club. MU Gym. Noon. For more information call Robin, x64627 or Stanzi, x65314.*

BROWN BAG LECTURE SERIES: *Wrinkles: Their Cause & Prevention.* Samuel J. Stegman, Derm. HSW 300. Noon. Also telecast live to CED 3rd Fl. Commons Rm. Videotapes available for viewing in HSE 345, SIMA unit, UCSF Library. Call x64394.*

UCSF AL-ANON MEETING: For friends & families of alcoholics. C 517. Noon-1 p.m.*

DENTISTRY DEAN'S SEMINAR: *Does Thirst Matter?* Sr. Vice Chan. David Ramsay, Physio. Toland Hall. 12:30-1:45 p.m.

HEAD & NECK TUMOR CONFERENCE. A 723. 1 p.m.

DISTINGUISHED IMMUNOLOGIST LECTURE: *Recent Advances in Understanding the Biology of the Human Mast Cell.* Robert A. Lewis, Syntex Corp. HSW 301. 4-5 p.m.

UROPATHOLOGY CONFERENCE. M 460. 4:30-6 p.m.

CHILD NEUROLOGY CONFERENCE. M 666. 4:30 p.m.

TRISERVICES CARDIOLOGY CONFERENCE. S 1364. 4:30-5:30 p.m.

SFGH GI-MEDICINE/SURGERY PATIENT CARE CONFERENCE. Rm. 4H2, SFGH. 4:30 p.m.

BASIC SCIENCE/PATHOLOGY INTERFACE LECTURE SERIES: *Heterochromatin.* Britt-Marie Ljung, Path.; Bruce Alberts, Biochem/Biophys. HSW 508. 5:15-6:15 p.m.

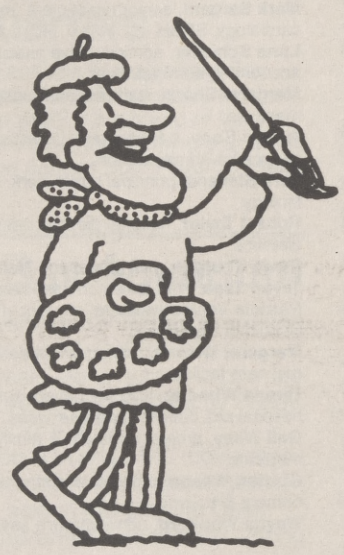
1 Thursday

MEDICAL GRAND ROUNDS: *Primary Biliary Cirrhosis.* Nicholas F. La Russo, Med., Mayo Med. Scl. Toland Hall. 8-9 a.m.

SFGH NEUROLOGY-NEUROSURGERY CONFERENCE. Rm. 4H2, SFGH. 8-9 a.m.

OPHTHALMOLOGY GRAND ROUNDS: *Newer Topical Anti-Glaucoma Medications.* Robert C. Allen, Oph., U Virginia. Preceded by case presentations: *Neuro-ophthalmology.* S 214. 8:15-10 a.m.

PEDIATRIC GRAND ROUNDS: Penny Leggott, G&D. S 664. 8:30-9:30 a.m.



HOSPITALS AUXILIARY ART EXHIBIT: On display for the month of October in the lobby of Moffitt/Long Hospitals are etchings by Miwako Collins, color nature photos by Robert O'Connell, watercolors by Romy Weber and oils by Alicia Cereceda. A portion of all proceeds benefits patients at the Medical Center. To purchase or reserve work, visit the Auxiliary Office, M 182, 9 a.m.-4 p.m. or call x64906.*

OCCUPATIONAL & ENVIRONMENTAL MEDICINE GRAND ROUNDS: *Recent Advances in Occupational Asthma.* John Balmes, Med. A 455. 9:15-10:45 a.m.

PEDIATRIC TUMOR CONFERENCE. L 34. 11 a.m.-12:15 p.m.

NEUROLOGY GRAND ROUNDS: *UCSF Multichannel Cochlear Implant.* Robert Schindler, ENT. S 664. 11:10 a.m.-12:05 p.m.

AIDS IN TANZANIA

ORAL BIOLOGY SPECIAL SEMINAR: *Oral Manifestations of AIDS in Tanzania.* Morten Schiodt, Oral Bio. HSW 301. Noon-1 p.m.

NEURO-ONCOLOGY TUMOR BOARD. L 34. 12:30-1:30 p.m.

HEMATOLOGY/ONCOLOGY GRAND ROUNDS: *Bone Marrow Transplantation.* Geoffrey Herzig. M 1296. 1:30-2:30 p.m.

ADOLESCENT MEDICINE CASE CONFERENCE: *Abnormal Menstrual Bleeding in Adolescents.* Donald Snyder, Ob/Gyn. A 267. 3:30 p.m.

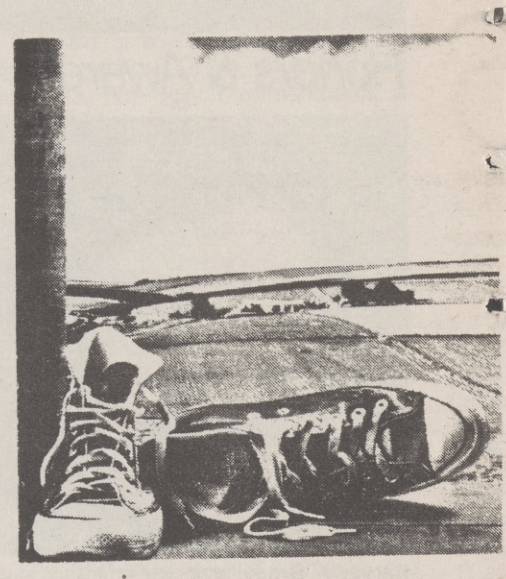
CARDIAC CATHETERIZATION CONFERENCE. L 1161. 4-6 p.m.

NEUROSURGERY GRAND ROUNDS. HSW 302. 4-5:30 p.m.

PRIMARY CARE GRAND ROUNDS: *The Future of Health Care: A Medical Odyssey.* Gerald Charles, Med. A 455. 4:30 p.m.

RADIOLOGY GRAND ROUNDS: *Asbestos: Functional Evaluation, ILO/UC of Lung Parenchyma, MRI & CT of Lung Parenchyma & Lung Masses.* Jeffrey Cohen, FCM; Philip Goodman, Gordon Gamsu & David Lynch, all Radiol. HSW 301. 5:15-6:15 p.m.

ALCOHOLICS ANONYMOUS MEETING: All are invited. LPPI Aud. 5:30 p.m.*



COLE HALL CINEMA: *Hoosiers.* Children under 14 $2; UCSF students, seniors, Millberry Union members & UCSF employees (Thurs. only) $2.50; general $3. Cole Hall. 5:45 & 8:15 p.m.*

PLASTIC SURGERY CONFERENCE: *Biomaterials in Plastic Surgery.* Woodward Coleman, Plast. Surg. HSW 300. 6 p.m.

SYED IS VISITING PROF OCT 1, 2

Radiation Oncology Visiting Professor Nisar A.M. Syed, Rad. Onc., Memorial Med. Ctr., Long Beach. For more information call x69063.

Oct. 1: *Interstitial Radiation & Hyperthermia in the Management of Prostate Cancer.* Ft. Mason Officer's Club, SF. 6:30 p.m. Followed by dinner.

Oct. 2: **RADIATION ONCOLOGY GRAND ROUNDS:** *Endocurietherapy in the Management of Head & Neck Cancer: Technique & Results.* L 34. 8 a.m.

CHANTICLEER OCT 1, 2

MUSICAL PANORAMAS AT LAUREL HEIGHTS: *Chanticleer.* America's foremost male vocal ensemble performs music from 16th to 20th century. UCSF Laurel Heights Aud. 8 p.m. First in a series of eight concerts by outstanding artists. Tickets $6 MU members & UCSF students, $7 seniors & non-UCSF students, $8 UCSF faculty & staff, $9 general. Series tickets available. Call x62035 for ticket info, x62542 for concert info. (See page 1 for details.)*

2 Friday

SFGH MAXILLOFACIAL TRAUMA CONFERENCE. Rm. 4H4, SFGH. 7-7:30 a.m.

PHARMACEUTICAL CHEMISTRY 221 SEMINAR: *Design & Synthesis of Inhibitors of Aspartic Proteases.* Daniel H. Rich, Med. Chem., U Wisconsin. S 1364. 11 a.m.

PATHS OF HEALING & WHOLENESS: *Developing Your Spiritual Awareness.* Francis & Zemaiah Jordan. N 517. Noon-1 p.m.*

ALCOHOLICS ANONYMOUS MEETING: All are invited. HSE 336. Noon-1 p.m.*

COLE HALL CINEMA: *Hoosiers.* Children under 14 $2; UCSF students, seniors & Millberry Union members $2.50; general $3. Cole Hall. 6:30 & 9 p.m.*

3 Saturday

ANESTHESIA MORBIDITY/MORTALITY CONFERENCE. HSW 301. 8-10 a.m.

5 Monday

OTOLARYNGOLOGY GRAND ROUNDS: *Wound Healing.* Tom Hunt, Surg. *Hemangiomas of the Head & Neck.* Jacob Asher, Oto. S 214. 8-10 a.m.

DERMATOPHARMACY SEMINAR: *Bioengineering Update.* Enzo Berardesca, U Pavia, Italy. S 940. Noon.

LABORATORY MEDICINE CORE CURRICULUM: *Transfusion in Surgery & Trauma.* Richard Weiskopf, Anes. & Physio. L 535. 2-3:30 p.m.

LABORATORY MEDICINE GRAND ROUNDS: *Role of Fixed Negative Surface in Biologic Systems: Evidence of Change Code.* Howard Graves, Med. L 535. 4-5 p.m.

CVRI SEMINAR: *Turnover & Metabolism of Lung Surfactant.* Jo Rae Wright, CVRI. S 1364. 4-5:30 p.m.

Sept.26-Oct.9,1987

6 *Tuesday*

COMBINED MODALITY BREAST CANCER CONFERENCE. Surg. Clin. Conf. Rm., 6th Fl. A. 8 a.m.

OB/GYN & REPRODUCTIVE SCIENCES GRAND ROUNDS: *Ultrasound in Gynecology.* Mary Martin, Ob/Gyn. Laurel Heights Confr. Ctr. 8 a.m.

ORAL & MAXILLOFACIAL SURGERY GRAND ROUNDS: *Seat Belts & Motor Vehicle Accidents.* Tom Dotson, Oral & Maxillofac. Surg. C 701. 8 a.m.

SFGH PEDIATRIC GRAND ROUNDS. Carr Aud., SFGH. 8:30-10 a.m.

TRANSFUSION MEDICINE RESEARCH FORUM. L 535. 8:30 a.m.

OBSTETRICS/PEDIATRICS & ANESTHESIOLOGY CONFERENCE: Julian T. Parer, Ob/Gyn; Roderic H. Phibbs, Ped. & CVRI; Sol Shnider, Anes. & Ob/Gyn. M 1486. Noon.

WOMEN'S RESOURCE CENTER LECTURE: *No Images: The Status of Black Women in the Work Force.* Julianne Malveaux, economist, writer & activist. Toland Hall. Noon.*

INTERNATIONAL FOLK DANCING: Lead by Dean Linscott. No partner needed, beginners welcome. MU Gym. 1:15-2:30 p.m. $2.*

SFGH GI-MEDICINE/SURGERY/RADIOLOGY IMAGING CONFERENCE. Rm. 1X58, SFGH. 3:30 p.m.

BIOCHEMISTRY/BIOPHYSICS SEMINAR: *Targeting a Human Precursor Protein to the Mitochondrial Matrix.* Arthur Horwich, Human Genetics, Yale. HSW 301. 4 p.m.

7 *Wednesday*

HAND SURGERY CONFERENCE. Rm. 4H40, SFGH. 7-8 a.m.

SFGH ORTHOPEDIC SURGERY STAFF CONFERENCE. Rm. 5K8, SFGH. 7:30-9 a.m.

MULTIDISCIPLINARY TUMOR BOARD: M 1296. 7:30 a.m. Call Lourdes Sibayan, coordinator, x61662.

DERMATOLOGY CONFERENCE: *Refugee Medicine on the Thai-Cambodian Border.* Jordan Tappero, Med. HSW 301. 8 a.m.

PSYCHIATRY GRAND ROUNDS/SERIES ON MENTAL HEALTH SERVICES WITH SPECIAL POPULATIONS: *Aging or Aged? The Psychotherapy of Older Adults.* APA President George H. Pollock, Psychr., Northwestern. LPPI Aud. 8-9 a.m.

NUCLEAR MEDICINE SEMINAR. L 340. 8:15-9:15 a.m.

RECEPTORS IN ENDOCRINOLOGY SYMPOSIUM: *The Acetylcholine Receptor.* Zach W. Hall, Physio. & Neurobio. M 1486. 8:30 a.m.

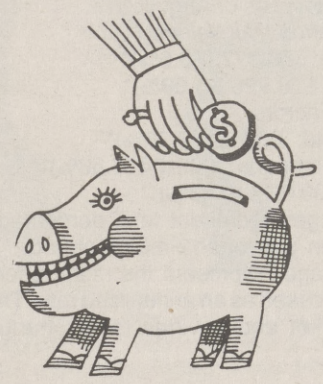
WOMEN WELCOME WOMEN

The Women's Resource Center's annual gathering to welcome new women to the campus. A full day of events including referral information, videos on topics of interest to women and refreshments. 10 a.m.-3 p.m. Call x65836.*

PRIMARY CARE LECTURE SERIES: *Approaches to Alcoholism.* Gerrit Blauvelt, Psychr.; William Brostoff, Med. & an employee representative. A 455. 10 a.m.-noon.

ANATOMY SEMINAR: *ECM Receptors: Their Expression & Function in Multiple Cell Populations.* William Carter, U Washington. HSE 1309. Noon.

ORAL BIOLOGY 220 SEMINAR: *HSV—Immunology & Glycoprotein Structure & Function.* Lenore Pereira, Oral Bio. HSW 300. Noon-1 p.m.



UC SAVINGS PROGRAM INFORMATIONAL MEETING: Briefing on UC's 403b Voluntary Contribution Plan. Includes presentation by Fidelity Investments, a recent addition to the investment options. Cole Hall. Noon-1:30 p.m. (See story on page 6.)

WOMEN & SPIRITUALITY MEETING: Landberg Center, 1378-3rd Ave. Noon-1 p.m. Call 564-3515 for further info.*

BROWN BAG LECTURE SERIES: *Both Ends of Life: Reproductive & Geriatric Medicine.* Eric T. Juengst, Med. Ethics. HSW 300. Noon. Also telecast live to CED 3rd Fl. Commons Rm. Videotapes available for viewing in HSE 345, SIMA unit, UCSF Library. Call x64394.*

UCSF AL-ANON MEETING: For friends & families of alcoholics. C 517. Noon.*

HEAD & NECK TUMOR CONFERENCE. A 723. 1-3 p.m.

DISTINGUISHED IMMUNOLOGIST LECTURE: *The Biochemistry of Antigen Presentation.* Malcolm Gefter, Bio., MIT. HSW 301. 4-5 p.m.

TRISERVICES CARDIOLOGY CONFERENCE. S 1364. 4:30-5:30 p.m.

SFGH GI-MEDICINE/SURGERY PATIENT CARE CONFERENCE. Rm. 4H2, SFGH. 4:30 p.m.

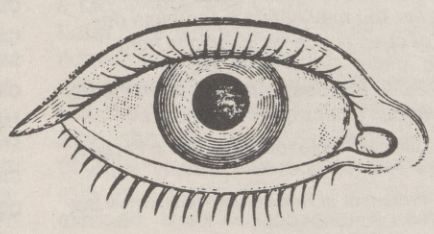
CHILD NEUROLOGY CONFERENCE. M 666. 4:30 p.m.

PATHOLOGY GRAND ROUNDS: *Fine Needle Aspiration of Breast Lesions.* Britt-Marie Ljung, Path. HSW 508. 5:15-6:15 p.m.

8 *Thursday*

MEDICAL GRAND ROUNDS: *Hereditary Renal Diseases.* William J.C. Amend, Med. & Surg. Toland Hall. 8-9 a.m.

SFGH NEUROLOGY-NEUROSURGERY CONFERENCE. Rm. 4H2, SFGH. 8-9 a.m.



OPHTHALMOLOGY GRAND ROUNDS: *Controversies in Thyroid Eye Disease.* Devron Char, Crowell Beard & Stuart Seiff, all Oph.; Francis Greenspan, Med. & Radiol. Preceded by case presentations: *Glaucoma.* S 214. 8:15-10 a.m.

PEDIATRIC GRAND ROUNDS: Rodger Hudgins, Neurosurg. S 664. 8:30-9:30 a.m.

OCCUPATIONAL & ENVIRONMENTAL MEDICINE GRAND ROUNDS: *Neurophysiological Assessment of Neurotoxic Exposures.* Rosemarie Bowler, Clin. Psych. Carr Aud., SFGH. 9:15-10:45 a.m.

FACULTY WIVES MEETING: *North Beach Walking Tour.* Meet at St. Peter & Paul Church, 666 Filbert. 10:30 a.m. Followed by lunch at Fior d'Italia. Call 921-6646 for further information.

PEDIATRIC TUMOR BOARD. L 34. 11 a.m.-12:15 p.m.

NEUROLOGY GRAND ROUNDS: *Neurologic Complications of Myeloma.* S 664. 11:10 a.m.-12:05 p.m.

NEURO-ONCOLOGY TUMOR BOARD. L 34. 12:30-1:30 p.m.

HEMATOLOGY/ONCOLOGY GRAND ROUNDS: *Treatment of AIDS Associated Malignancies.* Lawrence Kaplan, Med. & Onc. M 1296. 1:30-2:30 p.m.

NEUROSURGERY GRAND ROUNDS. HSW 302. 4-5:30 p.m.

MEDICINE/SURGERY ADULT CARDIAC CATHETERIZATION CONFERENCE. L 1161. 4-6 p.m.

PRIMARY CARE GRAND ROUNDS: *Update in the Evaluation of Dyspepsia Management.* Jack Lake, Med. A 455. 4:30 p.m.

RADIOLOGY GRAND ROUNDS: *Recent Advances in Percutaneous Therapy of Vascular Occlusive Disease.* Donald E. Schwarten, Angiography, St. Vincent Hosp., Indianapolis. HSW 301. 5:15-6:15 p.m.

ALCOHOLICS ANONYMOUS MEETING: All are invited. LPPI Aud. 5:30 p.m.*

COLE HALL CINEMA: *Tin Men.* Children under 14 $2; UCSF students, seniors, Millberry Union members & UCSF employees (Thurs. only) $2.50; general $3. Cole Hall. 5:45 & 8:15 p.m.*

PLASTIC SURGERY CONFERENCE: D & C Conference and a presentation by Swedish plastic surgeon Rolf Nordstrom. HSW 300. 6 p.m.

9 *Friday*

NIH CENTENNIAL

A celebration featuring a scientific symposium. Co-hosted by UCSF, UCB and Stanford. St. Francis Hotel. (See page 1 for details.)

SFGH MAXILLOFACIAL TRAUMA CONFERENCE. Rm. 4H4, SFGH. 7-7:30 a.m.

PHARMACEUTICAL CHEMISTRY 221 SEMINAR: *Immunobiology of HIV.* Edgar G. Engleman, Path. & Med., Stanford. S 1364. 11 a.m.

PATHS OF HEALING & WHOLENESS: *Mata-Physicians Stories.* Terry Tyler. N 517. Noon-1 p.m.*

ALCOHOLICS ANONYMOUS MEETING: All are invited. HSE 336. Noon-1 p.m.*

COLE HALL CINEMA: *Tin Men.* Children under 14 $2; UCSF students, seniors & Millberry Union members $2.50; general $3. Cole Hall. 6:30 & 9 p.m.*

CONTINUING EDUCATION

MEDICINE
Call x65208 for further information unless otherwise noted.

Bay Area Seminars in Surgical Pathology. UCSF. Oct. 8, Nov. 12 & Dec. 10.

The Skin From A to Z: Tips on Practical Therapy & Office Techniques. UCSF. Oct. 10-11.

Pulmonary & Critical Care Medicine. Hyatt Union Square, SF. Oct. 15-17.

Current Topics in Occupational Medicine. Cathedral Hill Hotel, SF. Oct. 26-30.

Primary Care Update: Current Concepts of Common Carcinomas—Breast, Colon & Prostate. Holiday Inn Union Square, SF. Oct. 29-30.

PSYCHIATRY
Call x65808 for further information.

Group Therapy Symposium. Cathedral Hill Hotel, SF. Nov. 6-8.

RADIOLOGY
Call x65731 for further information.

The Health Century. This four-part PBS series is in conjunction with the NIH Centennial Celebrations. (See story on page 1.)

Mon., Sept. 21-Oct. 12: KCSM-TV, Ch. 60, San Mateo. 9 p.m.

Mon., Sept. 21-Oct. 12: KTEH-TV, Ch. 54, San Jose. 10 p.m.

Wed., Sept. 23-Oct. 14: KCSM-TV, Ch. 60, San Mateo. 2 p.m.

Sun., Oct. 4-25: KQED-TV, Ch. 9, SF, 6:30 p.m.

PERSONAL SAFETY COURSES

Co-sponsored by UCSF Police Department Public Safety Program & PRO Recreation. All courses take place at Laguna Honda School conference room. Call x65683 or x61800 for information & registration.

Self-Defense Workshops. Women only: Sat., Sept. 26 & Dec. 12. Co-ed: Sat., Nov. 7 & Jan. 23. 9 a.m.-5 p.m. $20 public. $15 UCSF affiliate.

Seven Week Self-Defense Classes. Co-ed: Sept. 28-Nov. 9. Women only: Jan. 25-Mar. 14. Mondays, 6:30-9:30 p.m. $40 public. $25 UCSF affiliate.

Tear Gas Certification. Wed., Oct. 7 & 28, Nov. 11 & 23. 6-9 p.m. $10.

WOMEN'S RESOURCE CENTER

Call x65836 for more information.

Spirituality & Channeling. N 517. Wed., Oct. 14-Nov. 18. 5:30-7 p.m. $90-150 sliding scale. **Introductory Lecture.** Wed., Sept. 30. Noon-1 p.m.

Say What? Communication skills workshop. 622 Spruce St., SF. Mon., Oct. 5-26. 7-8:30 p.m. $75.

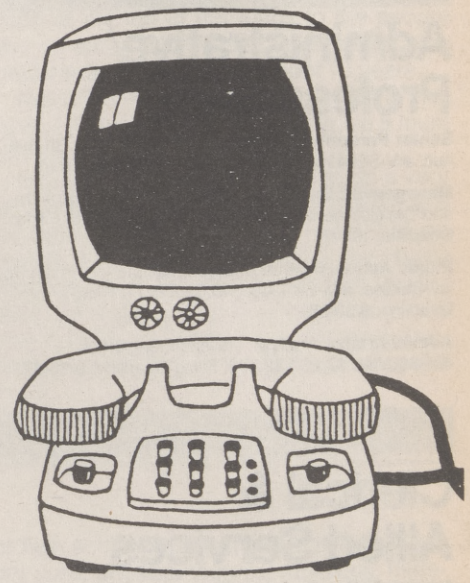
RAPE PREVENTION EDUCATION

Call x65222 for further information.

Self-Defense For Children & Adolescents. Child Care Study Ctr., 610 Parnassus. Sat., 10:30 a.m.-2 p.m. Ages 8-10: Oct. 17. Ages 11-14: Nov. 14. $10.

STRESS MANAGEMENT

Stress Management Seminar. A six-week course. Wed., Sept. 30-Nov. 4. 6:30-8 p.m. $117. Call x66957.*



HELP ELIMINATE SCHEDULING CONFLICTS

In order to help the campus avoid conflicts in scheduling important events, the News & Public Information Services Department has a computerized calendar. It is suggested that faculty, students and staff call x61541 when they are planning an event to make sure nothing has been scheduled for that date. Please note that in order to reserve campus conference rooms and auditoriums, it is still necessary to call Millberry Union at x62571, Room Reservations at x64436, Faculty/Alumni House at x64723, Laurel Heights at x68100 or the individual school or department.

Benefits/Personnel

You Don't Know How to Interpret the Fund Performance Figures?

A number of people have complained that they have no idea how to read those figures we print in "How are the Funds Performing"—the adjacent column that reports the rates of return for the investment funds offered through the Voluntary Contribution Plan. Maybe the following will help:

The Guaranteed Insurance Contract (GIC), Savings and Money Market Funds are interest-bearing investments, similar to an interest-earning bank account. The rates of return for these three funds are expressed in terms of "monthly factors."

To figure the factor, the total interest earned by the funds during a month is divided by the by amount of money invested.

For the sake of making this a more familiar concept, we give you a percentage. This percentage is the factor for that month compounded for 12 months. Remember, this is just to give you a ballpark idea of what an annual return *could* be. The figure can't be taken literally, however, since the factors change every month.

The rates of return for the Equity and Bond Funds are expressed in "unit values." A unit value can be compared to the value of a share in a mutual fund.

The actual monthly value of each fund depends on the interest (for the Bond Fund) or dividends (for the Equity Fund) earned during the month as well as the increase or decrease in the market value of the stocks and bonds themselves. Thus, from one month to the next, you can experience loss *or* gain on these investments.

Again, the percentage figure is provided to offer a more familiar concept. To come up with the percentage, we calculate the total change in unit values for each fund from 12 months earlier and divide it by the current month's value. This can be compared to an annual rate of return earned by each fund. But it is not necessarily the actual rate of return earned by an individual. Your timing of transfers in and out of a fund and the amount of money involved in these transfers will affect your individual investment performance.

How are the Funds Performing?

For those invested in the additional savings programs, here are the latest unit values and monthly factors (as of August 31):

- *Accumulation Unit Values*

Equity Fund: $60.977 (36.6%)*
Bond Fund: $28.996 (-5.09%)*

- *Monthly Factors*

Savings Fund: .007421 (9.28%)**
Money Market Fund: .006104 (7.58%)**
GIC Fund: .007618 (9.53%)**

*Percentages represent total percentage increase over previous 12-month period.

**Percentages represent the most recent returns expressed as an annualized rate. The money market and savings rates change monthly.

Call 644-4615 for Fund Performances

The systemwide benefits office in Berkeley has a new service: Call 644-4615, and not only can you get the latest available figures for the fund performances, but a little extra information about the funds to boot. You'll be reaching a recording on the other end, however, so if you have questions, call our own Benefits Office, x61400, or write *Newsbreak* and we'll try to get them answered.

Have a Benefits Question?

If you have a question on benefits or financial planning you'd like to have answered, jot it down and submit it to: *UCSF Newsbreak,* Benefits, News and Public Information Services, 532 Parnassus, Room 300, Box 0250. If it seems to be of interest to the masses, we'll print the answer in this column.

New Savings and Investment Opportunities

Attend one of the following meetings and find out all about the new investment and savings opportunities available through the Voluntary Contribution Plan, including a new investment option, Fidelity Investments:

- Wednesday, October 7: Cole Hall, noon to 1:30 p.m.
- Monday, October 12: Cole Hall, noon to 1:30 p.m.
- Monday, November 9: CED, Hartsook Room, noon to 1 :30 p.m.

Jobs

The Personnel Department, located at 1350 Seventh Avenue, is open to receive applications every weekday from 8 a.m. to 5 p.m. with extended hours on Wednesdays, 8 a.m. to 6:30 p.m. Details of jobs listed below are available in the UCSF Employment Opportunities flyers. Copies are distributed campuswide and also are posted at the Personnel Office and in the main lobby of Moffitt Hospital.

Key:
UNION CODES: CX—Clerical and Allied Services
AFSCME EX—Patient Care Technical
SX—Service
CNA NX—Registered Nurses

Administrative/ Professional

Senior Personnel Analyst. Personnel - 1350 7th Avenue. #V-S26490. $2,733-$3,296. Open Until Filled.

Management Services Officer II. Dentistry/Growth and Development. #V-B29777. $2,490-$3,276. Filing Deadline: 10/7/87.

Public Administrative Analyst. Institute for Health Policy Studies. #M-CX4300. $13.03-$15.71. Filing Deadline: 9/30/87.

Administrative Analyst. Development Office. #V-S50764. $2,267-$2,733. Filing Deadline: 9/30/87.

Clerical & Allied Services

Administrative Assistant III. Nursing Administration. #H-C55639. $2,010-$2,416. Filing Deadline: 9/30/87.

Administrative Assistant II (CX). Human & Environmental Protection Committees - Laurel Heights. #V-H56491. $1,766-$2,108. Filing Deadline: 9/30/87.

Billing Assistant I/*II (CX). Stomatology. #V-B52644. $1,556-$1,843 Or *$1,766-$2,108. Open Until Filled.

Principal Typist Clerk (CX). Medicine/Infectious Diseases. #M-C55705. $8.94-$10.59/Hr. Open Until Filled.

Secretary II (CX). Anesthesia. #H-A50489. $1,556-$1,843. Open Until Filled.

Health Care & Allied Services

Psychologist II. Psychiatry - South of Market Outpatient Clinic. #V-W26298. $17.24-$20.80. Filing Deadline: 9/30/87.

Administrative Nurse I (NX). Medicine/Infectious Diseases. #M-C55701. $2,843-$3,427. Filing Deadline: 9/30/87.

Clinical Laboratory Technologist. Clinical Labs/ Hematology. #H-C55877/78. $14.40-$17.36/Hr. Filing Deadline: 9/30/87.

Clinical Laboratory Technologist. Clin. Labs/Lab. Med. - SFGH. #M-C50543. $2,505-$3,020. Open Until Filled.

Sr. Vocational Nurse (NX). ACC:Chest Clinic. #H-C53498. $10.51-$12.01/Hr. Filing Deadline: 9/30/87.

Hospital (Clinical Lab) Assistant II. Clinical Labs. #H-C52610. $9.78-$11.68/Hr. Open Until Filled.

Hospital Clinical Laboratory Assistant II (EX). Clin. Labs/Lab. Med. - SFGH. #M-C50662. $9.78-$11.68/Hr. Open Until Filled.

Sciences, Laboratory & Allied Services

Staff Research Associate I/II. Medicine - VAMC. #M-CX5280. $1,811-$2,169 Or $2,070-$2,490. Filing Deadline: 9/30/87.

Staff Research Associate I/II. Medicine - VAMC. #M-C19884. $1,811-$2,169 Or $2,070-$2,490. Open Until Filled.

Staff Research Associate I/II. Dept./School of Pharmacy. #V-S55560. $1,811-$2,169 Or $2,070-$2,490. Filing Deadline: 9/30/87.

Staff Research Associate I. CVRI - VAMC. #M-L52554. $10.41-$12.47/Hr. Filing Deadline: 9/30/87.

Staff Research Associate I. CVRI/Nephrology. #M-L51592. $1,811-$2,169. Open Until Filled.

Staff Research Associate I. LPPI/Research - 1350 7th Avenue. #V-W49191. $10.41-$12.47/Hr. Open Until Filled.

Staff Research Associate I. Medicine - VAMC. #M-C19886. $1,811-$2,169. Filing Deadline: 9/30/87.

Staff Research Associate I. OB/GYN. #M-W54255. $1,811-$2,169. Filing Deadline: 9/30/87.

Maintenance, Fabrication & Operation

Electronics Technician (Medical Facility). Med. Center Telecommunications. #H-P55779. $2,275-$2,609. Filing Deadline: 9/30/87.

Electronics Technician (Medical Facility). Radiation Oncology. #H-P53669. $2,275-$2,609. Filing Deadline: 9/30/87.

Academic

The Senior Vice Chancellor - Academic Affairs distributes an Academic Employment Opportunities bulletin on a monthly basis to all UCSF departments. You may obtain a complete description of open academic positions from Academic Affairs, Room U162, UCSF, (415)476-2529. Positions are located on the Parnassus campus unless otherwise noted.

Assistant Clinical Professor. Curriculum in Physical Therapy. #M-765. Filing Deadline: 10/31/87.

Assistant Professor in Residence. Neurological Surgery. #M-766. Open until filled.

Professor. AIDS Research Center, Microbiology/Immunology. SFGH. #M-767. Open until filled.

Assistant/Associate Professor in Residence. Lung Biology Center. SFGH. #M-768 (3 positions). Open until filled.

Assistant Professor in Residence. General Internal Medicine. VAMC. #M-769. Open until filled.

Professor in Residence. Ophthalmology. #M-770. Filing Deadline: 10/31/87.

Assistant Professor in Residence. Ophthalmology. #M-771. Filing Deadline: 10/31/87.

Assistant Professor in Residence. Radiation Oncology. #M-772. Open until filled.

Assistant/Associate Professor in Residence. Surgical Oncology. #M-773. Filing Deadline: 9/30/87.

Assistant Adjunct Professor. Radiology. #M-775. Open until filled.

Assistant Professor in Residence or Assistant Clinical Professor. Radiology. LAMC. #M-776. Open until filled.

Assistant/Associate/Full Professor. Perinatal Nursing, Family Health Care Nursing. #N-115. Filing Deadline: 11/15/87.

Assistant/Associate/Full Professor. Perinatal/Neonatal Nursing, Family Health Care Nursing. #N-116. Filing Deadline: 11/15/87.

Assistant/Associate/Full Professor. Nurse Midwifery/ Women's Primary Care, Family Health Care Nursing. #N-117. Filing Deadline: 11/15/87.

Inpatient Nursing

For more information on the following positions, call nurse recruiter Lynda Purves, x62252.

Clinical Nurse IV. Neonatology. $3045-3675/mo.

Clinical Nurse IV. Critical Care. $3045-3675/mo.

Clinical Nurse IV. Pediatric Oncology. $3045-3675/mo.

Administrative Nurse III. Oncology/Hematology/Bone Marrow Transplant. $3045-3675/mo.

Administrative Nurse I. Cardiovascular Special Care. $15.94-19.21/hr.

Clinical Nurse II. Acute Medicine. $14.51-16.70/hr.

Clinical Nurse II. Neurosurgery/Neurology. $14.51-16.70/hr.

Clinical Nurse II. Pediatric Intensive Care Unit. $14.51-16.70/hr.

Clinical Nurse II. Neonatal ICU/Recovery Nursery. $14.51-16.70/hr.

Clinical Nurse II. Neuro ICU. $14.51-16.70/hr.

Clinical Nurse II. Gyn/Urol/ENT Surgery. $14.51-16.70/hr.

Clinical Nurse II. Medicine/Cardiology. $14.51-16.70/hr.

Clinical Nurse II. General Adult Surgery. $14.51-16.70/hr.

Clinical Nurse II. Pediatric Surgery. $14.51-16.70/hr.

Clinical Nurse II. Ortho/Micro Surgery. $14.51-16.70/hr.

Clinical Nurse II. Perinatal Services. $14.51-16.70/hr.

Clinical Nurse II. Coronary Care Unit. $14.51-16.70/hr.

Clinical Nurse II. Neurosurgery. $14.51-16.70/hr.

Clinical Nurse II. Critical Care Float. $14.51-16.70/hr.

Clinical Nurse II. Pediatric Medicine. $14.51-16.70/hr.

Clinical Nurse II. Acute Dialysis. $14.51-16.70/hr.

Clinical Nurse II. ICU. $14.51-16.70/hr.

Clinical Nurse II. Kidney Transplant Unit. $14.51-16.70/hr.

Clinical Nurse II. Pediatric/Neonatal Acute Float. $14.51-16.70/hr.

Clinical Nurse II. Radiation Oncology. $14.51-16.70/hr.

Psychiatric Inpatient Nursing

For more information on the following positions, call LPPI Director of Nursing Marilyn Rajokovich, x67361.

Clinical Nurse III. Adolescent & Young Adult Unit. $2645-3190/mo.

Clinical Nurse III. Behavioral Neuro Science. (Two positions) $2645-3190/mo.

Medsounds Continued

To Fast—or Not Too Fast?
ACC's Weight Loss Clinic Offers Two Approaches

When it comes time to take off a few—or a lot—of pounds, is it better to fast, or do it slowly?

What may work—or be necessary—for one individual may not be right for another, says registered dietician Kathy McHenry, coordinator for ACC's Weight Loss Clinic, formally known as the UCSF Weight Management and Risk Factor Reduction Program.

Thus, the program offers two different approaches. One is a year-long weight reduction program based on dietary change, exercise, behavior modification, stress management and group support to achieve and maintain gradual weight loss. The weight loss expectancy for participants in this group, says Kathy, is about one or two pounds a week.

The other approach is a six-month modified fast program, generally recommended, says Kathy, for individuals with moderate to severe obesity and associated medical problems. The modified fast program is based on the same principles as the preceding, except that instead of eating conventional foods, participants maintain an exclusive diet of liquid formula during the course of the program. Modified fast participants generally lose about two to four pounds a week, she says. "We generally look at 50 pounds as being a reasonable weight loss for the six-month period."

LPPI's assistant director of nursing Angie Lewis is a current participant in the modified fast program. At the time of the interview she had just finished her eighth week of chocolate, strawberry or vanilla formula for every meal—without one deviation—and her weight loss total was 35 pounds. She says she has had no problem sticking to the program. In fact, she finds the idea of "no choices" makes it easier.

Mikkel Aaland

Yes, LPPI's Angie Lewis is pleased. The scale shows she's lost 35 pounds in the modified fast program. Her witness to the right is another program participant, Doris Merritt from ACC Registration. Three members of the Weight Loss Clinic staff include (left to right) Robert Baron, MD; registered dietitian Kathy McHenry and nurse practitioner Connie Borden. Three more staff members not shown: Thomas Coates, PhD; therapist Joseph Guydish and nurse practitioner Gerri Collins.

"I'm also highly motivated," she says. "My focus is not so much on losing weight, but on improving my health. I find the program philosophy coincides with mine. The emphasis doesn't rest on 'not eating.' The focus is on health, exercise and changing your behavior."

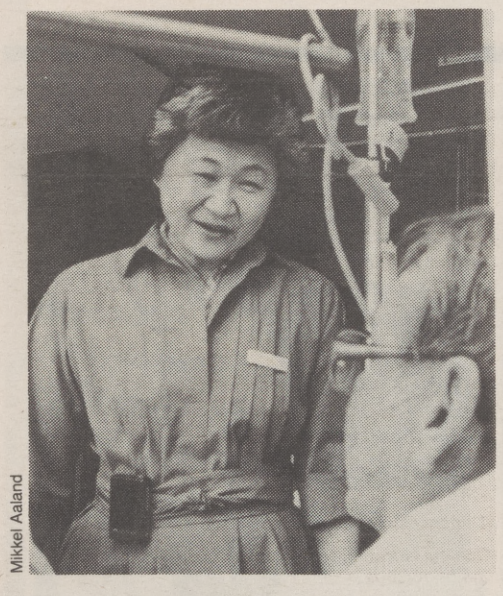
Sharon Udovich from Volunteer Services is a participant in the gradual weight loss program. At the end of two months, she has lost about 10 pounds, give or take a couple, and she's perfectly satisfied with her progress. "I'm not so much interested in rapid weight loss as I am in re-education about diet and health. I've tried Weight Watchers and other programs in the past, but always lost interest. I'm enjoying this program. I like our weekly groups. I'm finally learning to take responsibility for my eating and my health."

Dawn Finch

Sharon Udovich of Volunteer Services finds the gradual weight loss program to be her cup of tea.

Both programs, which operate out of the Behavioral Medicine Unit of the Division of General Internal Medicine, have just reached their first anniversary. Since the start, there have been 31 participants in the the modified fast program and 25 in the gradual weight loss program—and they're just winding up the screening for the sessions beginning in October. Thus, if you're thinking you might be a candidate for either program, better give Kathy a call—now. x69987.

Meet Sato Hashizume: Nurse with a Purpose



Mikkel Aaland

Not long ago, a letter arrived from a San Francisco organization called "Nisei and Retirement." The letter contained much praise and many thanks to two Med Center employees who have done much to help out and improve life for the local elderly Japanese population. One of the employees mentioned completely declined having his name mentioned or photo taken, but after some coaxing, Sato Hashizume, who serves as the Med Center's home care liaison nurse, agreed to be featured. "Not for the publicity," she explains. Rather, it's because she's so interested in creating a better awareness of the needs of this population segment—and in creating a better awareness on the part of health care providers of the need for what she calls "culturally sensitive care."

The elderly Japanese Americans do not always receive optimum health care, she says, because some prefer to seek health services and resources only within their own cultural community. Her direct effort in working to improve this situation has involved helping this population learn about the American health care system, about self care and coping strategies. Through Nisei and Retirement and other community organizations, Sato has provided numerous presentations and programs, including an "I Can Cope" series specifically for Japanese American cancer patients and their families.

In a more widespread effort to communicate her ideas and advocacy, Sato has made presentations at the national and international meetings of numerous health related organizations, including the American Cancer Society, Gerontological Society of America, International Congress of Gerontology and others. She also has collaborated on the chapter "Ethnic Nursing Care: A Multicultural Approach" in Modesta Orque's book, *Japanese Americans.*

Sato joined the UCSF staff 22 years ago as a faculty member in the School of Nursing. Later she became the coordinator of the home care program based in ACC. Then, two years ago, when we established an affiliation with the home care program based at Mount Zion, she logically stepped into the position of UCSF liaison. She has a broad view of her role as a nurse: She describes herself as clinician, teacher, consultant, administrator and scholar. Her specialty, gerontological nursing, has quite naturally led the way to what she now formally considers her subspecialty: The health and well-being of the elderly Japanese American.

Dawn Finch

Subjects of a serenade: (left to right) Technology education program graduate Carole Cobb, associate education program director Anne Holly, education program coordinator Sylvia Wong Corpuz, nuclear medicine medical director Robert S. Hattner, MD; and graduates George Leeds and Karen Cooper

"It's Not Over Until the Fat Lady Sings"

...Or so Nuclear Medicine Director Duffy Price was telling the crowd during the department's Technology Educational Program graduation ceremony—when who should show up to sing but the (self-proclaimed) fat lady herself!

Does this need more explanation? Okay, yes: As a cost containment measure, the Nuclear Medicine Technology Educational Program is being discontinued after this graduating class. Present and past graduates and others at the ceremony were lamenting this fact, when Duffy got up and said she was confident that down the line, the situation would be re-evaluated and the program reinstated—perhaps not in exactly the same form, but certainly by some satisfactory arrangement or another. "Besides," she said, "it's not over until the fat lady sings!"

At that precise moment, into the room burst Brunhilde the Fat Lady (self-proclaimed, remember), singing thank-you very much at the top of her lungs to the people who so successfully have administered the educational program these past 10 years.

Was this a rather low note on which to end things? After all, the fat lady sang, so it must be over.

Actually, no, the program ended on a very high note. Brunhilde wound up her song and the ceremony on one of those notes that are so high and so long you fear for the champagne glasses. But the glasses didn't break, thank goodness, so the next logical step was to fill them up and drink to the new graduates, the past graduates, a fine past, and a hopeful future.

Medshorts

Now you can contact cosmetologist Norma Daugherty directly by calling x63270. This number has been furnished with an answering machine at the other end. Patients are welcome to call for themselves and leave their name and room number, or you can make the call for them. Norma will be checking for messages daily and will return calls at the first opportunity. If you remember from a previous article on Norma, she's available Mondays, Tuesdays and Fridays to provide hair and nail care for patients.

It's probable you've been wondering how the **night meal service pilot program** in the Moffitt Cafeteria is progressing. Frankly, it's looking very promising for those hoping to see the pilot become a permanent fixture. Nutrition and Dietetics director Leon King says they're counting about 275 nighttime patrons on weeknights; about 180 on weekends. According to the best estimates, there are about 350 Med Center employees at work on any given weeknight, but the late-night cafeteria crowd also includes a good number of visitors, plus researchers, students and other midnight oil-burners.

As the pilot program proceeds, they will continue to make evaluations from a number of standpoints, says Leon. Should you have your own opinion to express, you're welcome to do so. Use the suggestion boxes in the cafeterias. They not only read the items submitted, he says, but they have acquired some excellent ideas in this manner—and acted upon them.

Yogurt Update. So how many calories are contained in six ounces of this new nonfat yogurt in strawberry and other flavors that recently has appeared on the frozen yogurt scene? 100. How many grams of fat? Zero. Cholesterol? Zero.

What about the low-fat variety? 155 calories, 6 grams fat, and 18 milligrams cholesterol.

And how much is six ounces? That's one small cupful with a rounded top. There are a variety of interpretations for "rounded top," observes cafeteria manager Marilyn Jacobson.

Remember "Careers in Nursing," the program for students interested in nursing careers? This year it has expanded to **"Careers in Health Care."** In addition to nursing, the November 17 open house/tour for high school students will feature respiratory care, physical therapy, radiology, materiel management and several other areas. If you have a high school-age son or daughter, friend, relative and/or neighbor who might be interested in attending, tell them about it! We'll be printing many more reminders on this as the date approaches, but it's not too soon to call and make a reservation now—x61848. Parents, teachers and counselors are welcome as well.

A new line of **hand-painted silk scarves** is now available in the "Beartique," and if you purchase one during the introductory period (through September 30), you'll get a 10% discount.

Volume 2, Number 17 September 26-October 9, 1987

UCSF Medsounds

This Is What You Call Getting into the Picnic Spirit

Mikkel Aaland

The "6 Long Slammers" (aka the Basket Cases): (left to right) Geri Archibald, Ann Morgenstern, Mary Passeri, Anne Boekelheide, Dennis Urbiztondo and Inez Wieging.

Mikkel Aaland

The lean, mean Environmental Services team: (left to right) Marie Williams, Bob Patrick, Mary Squires, Don Padilla, Lawrence Redmond, Joey Cruz and Jesse Stephens. Baskets, bats and balls courtesy of UCSF Catering, Marie Fernandez' son and Kathy Balestreri's husband.

Are these 6 Long and Environmental Services staff members running to the Country Fair Picnic in Golden Gate Park on Saturday, October 17? Or are they running to register for the "Run for Health" right before the picnic? Or are they running to "The Director's Cup" tournament on the day of the picnic to see which team can slaughter the other?

The answer to the first question is yes, of course they're going to the picnic! In fact, maybe what they're doing in the photo is running to sign up for the picnic. Sign-ups are taking place right now in all Medical Center departments. You and your immediate family are invited. It's completely free. There'll be hot dogs, hamburgers, chicken, ribs and everything else that people like to eat and drink at picnics. There'll also be lots to do—like sack races, kite flying, parachuting, jugglers for the kids, and clowns and you name it. Of course, you can just go and sit around and eat and forget the kites, etc. But whatever you do, don't miss the sign-up deadline. It's Friday, October 1.

The answer to the second question is yes, our photo subjects are indeed going to "Run for Health" right before the picnic, since there are too many prizes to pass up, and those "Run for Health" T-Shirts you get if you participate are to die for. (Get it?) Look on page two for sign-up instructions.

And finally, these two departments most definitely are going to compete in "The Director's Cup" tournament, now that they've committed themselves via this somewhat public introduction of their team members.

Now that you've seen the competition, surely your department will want to sign up for the tournament as well. Actually, "The Director's Cup" is two tournaments in one. There will be both a softball and a volleyball playoff, and the winners of each will get their own "Director's Cup" to keep in their department until next year's competitors try to take it away. Choose teams for either or both playoffs; then call Laura Barney at x66932 or Inez Weiging at x63921 and sign up.

Did we forget anything? Yes! Lots of volunteers are needed. Call Joan Guerra, x62230, if you can help.

Mikkel Aaland

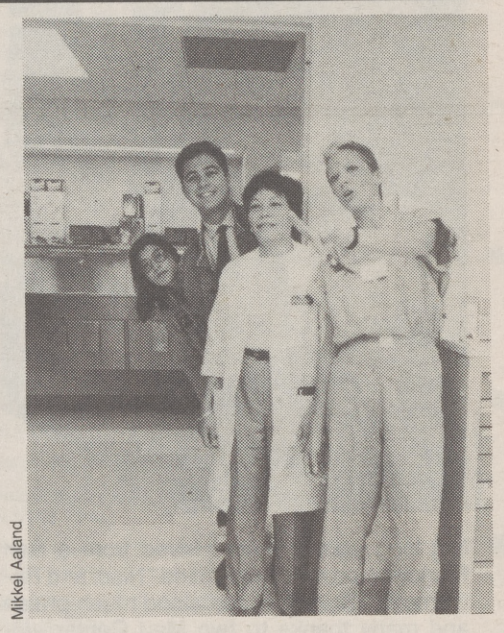
Dancing in the Lobby

This *was* going to be a picture of people dancing in the lobby, anyway. The original idea was to have people twirling through the new lobby (spontaneously, of course), inspired by the sparkly marble floors and ballroom dimensions. But would Environmental Services hear of having that floor possibly marred by such tomfoolery? Not on your life!

So, on a more sensible second thought, we bring you a portrait of some of the people who worked down to the wire so this grand new entrance could open on schedule: The crew to the left represents the contractors, Carlin Company and P.J. Coyne; and the crew to the right represents Environmental Services.

Naturally, this photo does not tell all. There were other departments, such as Transport Service, who played an important part. And many individuals, such as project manager Jim Lennon from Hospital Contract Administration, and Carl Heller and "lobby czar" Kirby Maples from Building Management who spent many a weekend here.

Mikkel Aaland



Mikkel Aaland

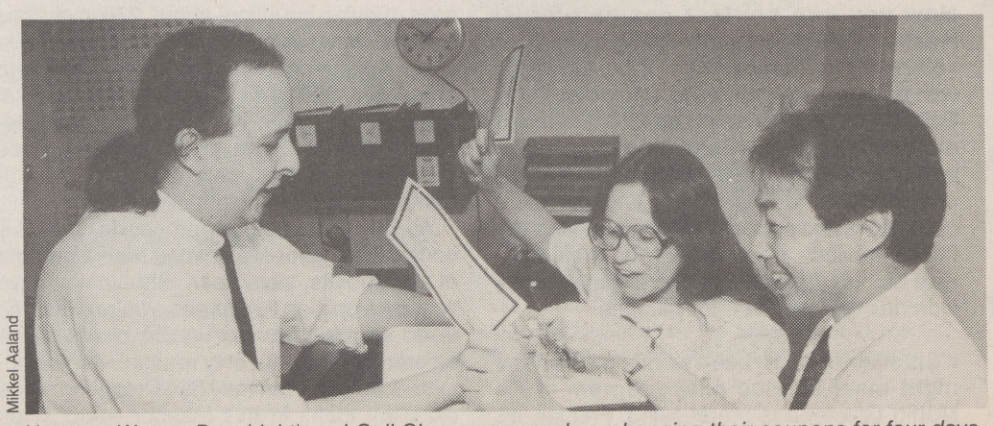
Checking Out the New Surgery Center

The opening celebration for the new UCSF Surgery Center went on for two days, beginning last Monday night, when curious surgeons took their turn for a look around, and extending through Tuesday afternoon, when staff members had their chance. Above left are urologists Walter Stackl and Dale McClure from the Monday night crowd, and to the right is Surgery Center staff member Sharon Szabo conducting a tour for some Tuesday afternoon visitors, (front to back) Jackie Octavio from Infectious Diseases, John Pierucci from the Chancellor's Office, and Krissy Louie from patient Escort Services.

Here They Are—The First Fifty Winners of the Perfect Attendance Bonus Prize

You may have noticed in last issue's "Medshorts" column that 500 Med Center employees were honored in the first leg of the new Perfect Attendance program (April 5 - July 11). That's a lot of names to try to print here, but how about if we list the names of the 50 lucky perfect attendees whose names were pulled from a hat containing all 500 names? Each of the following people was awarded a $20 coupon to redeem exactly as he or she desired (within the boundaries of the nine campus locations offered as options):

Theresa Alfredson, 14 Long
Kathy Balestreri, Administration
Jaeng Bertany, Environmental Services
Michael Bolton, Environmental Services
Dennis Brimhall, Administration
Gail Chapman, HISD: Computing Services
Gina Covel, 11 NS Moffitt
Joseph Crimes, Environmental Services-ACC
Jeanne Darbinian, Nutrition and Dietetics
Gwendolyn De Vries, 11 NS Moffitt
Warren Doo, Biomedical Equipment
Ruth Epperson, Nursing Administration
Albert Gee, Accounts Receivable
Lance Gee, Admitting
Nina Glueckselig, 11 Long
Lynda Gribben, Nursery - Intensive Care
James Grubb, HISD: Computing Services
Kathleen Hamilton, Operating Room
Stephen Hom, Pharmaceutical Services
Katherine Della Jacono, 7 Long
Christine Juarez, Pediatrics - Surgery
Mary Kennedy-Breiner, 9 Long
Carol Kreer, Nursing Administration
Kristen Lignell, Pediatric Intensive Care
Lula Lintz, 8 Long
Frances Louie, Pharmaceutical Services
Georgia Lucas, Med/Surg Intensive Care
Eugene Malmquist, Pharmaceutical Services
Rizalina Mangabay, Nutrition & Dietetics
Mariann McAuliffe, 8 Long
Myrtle Miller, Environmental Services
Kathleen Molia, 9 Long
Felix Moore, Jr., Environmental Services
Alfredo Obiniana, Environmental Services
Cheng Lu Pan, Environmental Services
Pamela Patchin, Radiology
Barbara Robnett, Radiology
Ernesto Rosal, Nutrition & Dietetics
Robert Schwartz, Registration Services
Karen Sharp, 9 Long
Deanna Sheeley, 12 Long
Alton Simond, Hospital Transport Service
Kwang Song, Environmental Services
Robin Stempien, Emergency Department
Hiroshi Tokubo, Medical Risk Management
Nancy Ulloa, Radiology
David Walker, Radiology
Margery Wolcott, 8 NS Moffitt
Nancy Wong, Clinical Laboratories
Robert Yu, Nutrition & Dietetics



Mikkel Aaland

Here are Warren Doo (right) and Gail Chapman eagerly exchanging their coupons for four days of free parking. You can tell this photo's a complete set-up, since (1) Parking's James Strickland (left) showed up for work in his best clothes, and (2) Gail works at CED, so she doesn't have a whole lot of interest in parking in the MU garage. Actually, she was planning to spend her coupon for a sweatshirt in the Union Express, when she got the idea that she could sell it to Warren (for more money than it's worth) so he could trade it in for parking.
